about us

SN Consulting, Engineering, Trade Co. Ltd. and its sister company, GMS Co. Ltd., established in Ankara, Turkey, have been leaders in the marble and granite business since 1981.

We have engaged in many prestigious projects mainly in Turkey, Russia, Central Asia and the Middle East.

Thanks to our factory equipped with the state of the art (cnc) machinery and our highly qualified team of technical staff and workers, we have the capability to produce shop drawings, cutting lists and fabricate slabs, tiles, cut to size marble, granite and travertine, as well as, on site installation of exterior, interior cladding and flooring.

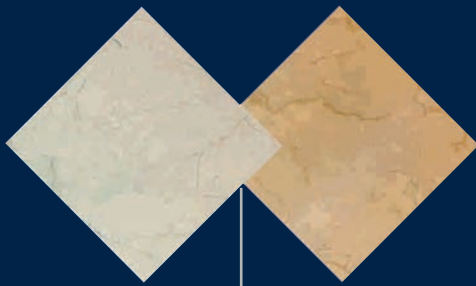

In recent years, we have put a special emphasis on exporting high quality Turkish marble, including the beige marble and travertine from our own quarries near Ankara.

quarry

fabrication

- Slabs
- Cut to size materials
- Marble & travertine tiles
- Special (CNC) production

factory

quarry

Located in Kazan near Ankara, or quarry yields two types of beige marble named "Anatolian Beige" and "Hittite Beige".

anatolian beige

hittite beige

physical properties

Hardness	4 - 4.5	Mahs
Gravity	2.695	g/cm ³
Density	2.634	g/cm ³
Water Absorption	0.085	%
Water Absorption in Volume	0.207	%
Water Absorption in boiling water	0.101	%
Water Absorption in Volume at boiling water	0.275	%
Compressive strength at pointed loading	1022.28	kg/cm ²
Compressive strength at pointed loading after freezing	1022.28	kg/cm ²
Tensional strength	43.57	kg/cm ²
Modulus of elasticity	7.08 x 10 ⁴	kg/cm ²
Ratio of void	99.76	%
